**There are close to 50,000 abortions in Israel every year.**

**Since 1948 Israel has lost over 1 million Jewish children to abortion.**

**The worst part of the tragedy is that about half of these abortions could be prevented, if only the woman was provided some basic social and financial support...**

## How Efrat saved the lives of 25,000 Jewish children over the past 30 years!

Efrat's approach has proven to be successful. Women who register for an abortion are asked why they want to terminate their pregnancy. If they cite financial reasons, they are given Efrat's phone number and told to call us. Efrat has 3,000 volunteers throughout the country who also refer cases to us. Once the pregnant woman calls, and if found to be in real need, we offer them three things:

**1) Monthly food and baby supplies** delivered every month to their door, which includes diapers, formula, canned and dry foods for a year, which is worth **\$700**.

**2) Free baby equipment**, includes a crib, bassinet, stroller, baby bath and a baby kit - which includes blankets, baby clothes, diapers, bottles, etc., and is worth **\$300**.

**3) We match each woman with one of our 3,000 volunteers** who provide social support throughout the pregnancy.

**In this simple way, last year alone, Efrat saved the lives of 2,623 Jewish children.**

**If we had twice our budget, we could have saved twice as many children.**

## Give the Greatest Gift of Life

*"Today my beautiful daughter Rina turned five... and so I am writing to you to thank you as I had made an appointment for an abortion before she was born. My husband and I decided that was the responsible thing to do as we had numerous debts.*

*After speaking to an EFRAT volunteer however, I became convinced that we could handle a fourth child despite our economic challenges...*

*Rina is our only girl after three boys and the jewel of the family. I couldn't imagine my life without her! I shudder every time I think I could have actually gone through with the abortion. I don't want to imagine what our lives would have been like now if EFRAT wasn't there at the time."*

### EFRAT:

**Saving the lives of Jewish children by providing support to pregnant women in distress in Israel.**

## Why Efrat has been called: "The Real Pro-Choice Organization"

**Pro-choice means freedom to choose.** Of the close to 1,000 women who undergo an abortion in Israel every week there are hundreds whose **first choice** is to have their babies, but due to financial or social pressures they feel they have no choice but to terminate their pregnancies. Efrat was founded 30 years ago precisely to reach out to these women in their hour of need. By offering a package of support described above Efrat gives the economic confidence to over 1,600 women every year to achieve their first choice- to have their babies.

**Economic concerns should not be the reason to end the life of a child.**

**or in Israel call 054-567-2285.**

## Low Overhead

**Several factors have contributed to Efrat's very low overhead.** First, the Director of Efrat Dr. Eli Schussheim, a well-known surgeon in Israel, runs the organization entirely on a voluntary basis. Secondly, most of the office work is done by Sherut Leumi - National Service volunteers. Third, our one and only office office in Jerusalem was donated to Efrat, so Efrat pays no office rent.

**This explains why it costs Efrat just \$1,000 to save a life.**

**Contributions to "C.R.I.B. - EFRAT," are tax deductible.** Please write "Thousand Children Campaign" on the memo part of the check.

**Consider how your ONE contribution accomplishes so MANY vital goals:**

- ~ Saving the lives of Jewish children and their descendants
- ~ Strengthening the State of Israel and the Jewish People demographically
- ~ Giving the greatest gift of life...children!

**What "Giving" could be greater?**

**Donors Matched with Expecting Mothers**

Efrat-C.R.I.B. links donors who contribute \$1,000 or more to the pregnant women who receive this assistance. Every \$1,000 contributed will be matched to an expecting mother, and the donor will receive the expected date(s) of birth. Once the baby is born, the donor will receive a certificate which will include the name and birthday of the baby.

**A Day at the Zoo**

Efrat invited its children and their families for a day of fun at the zoo. 1,600 Efrat children showed up!

**Last year, in an average week in Israel:**

**9** people were killed in road accidents,  
**1** people was murdered by terrorists  
 but over **900** babies were lost to abortion,  
 mainly due to economic concerns!

"In the over 25,000 cases EFRAT has supported over the past 30 years, I have yet to meet the first mother who told me she is sorry to have her child alive and well in her home."

– Dr. Eli Schusheim

**Every  
\$1,000**

**Saves the Life of a Jewish Child in Israel**

**For an "Inner Aliyah"**

**Israel is currently fighting a demographic war for survival as a Jewish State.** From its humble office in Jerusalem and tiny staff Efrat brings more Jews into Israel every year than the entire Aliyah from North America. **At a cost of only \$1,000 per "Oleh" Efrat is a bargain compared to other Aliyah projects and we need not pay for housing or airfare as the potential Olim are already in Israel just waiting to be born!** Last year, with our 2.5 million dollar budget we saved the lives of 2,623 Jewish children costing Efrat about \$1,000 per case. **There is a potential to save the lives of thousands of Jewish children each year which would create a badly needed wave of Aliyah- an "Inner Aliyah"!**
